

Guidepost Questions

In 2021, we'll reflect throughout the year on some of these questions as we consider how to draw near to God in full assurance of faith.

- What did you learn about God's nature?
- Did what you learned about God's nature draw you toward Him, or push you away from Him?
- Why does God want a relationship with mankind?
- Why has the relationship between man and God broken down?
- How was Satan driving a wedge between man and God?
- How is man's relationship with God restored?
- What was preventing the people from drawing near to God?
- Because of Jesus, how can we more easily draw near today?
- Because of the Holy Spirit's work, how can we more easily draw near today?
- What words from this text could we pray, to help us draw near to God?
- What must I remove from my heart if I want to draw near to God?
- If I draw near to God, how will that change how I treat other people?

2021 Bible Studies

*“Let us draw near
with a sincere heart,
in full assurance of faith.”*

—Hebrews 10:22

Annandale church of Christ

In 2021, we'll read from the Old Testament, from creation through the reign of King David. We'll see God's desire for fellowship with mankind, as shown in the lives of the Patriarchs, and in the early history of His people, Israel. We'll see how Satan and sin alienate us from our Creator. Yet we'll also see how much God loves us and wants His children to draw near in faith, and how He planned from the beginning to redeem us in Christ Jesus.
