SERMON: Focusing On Christ

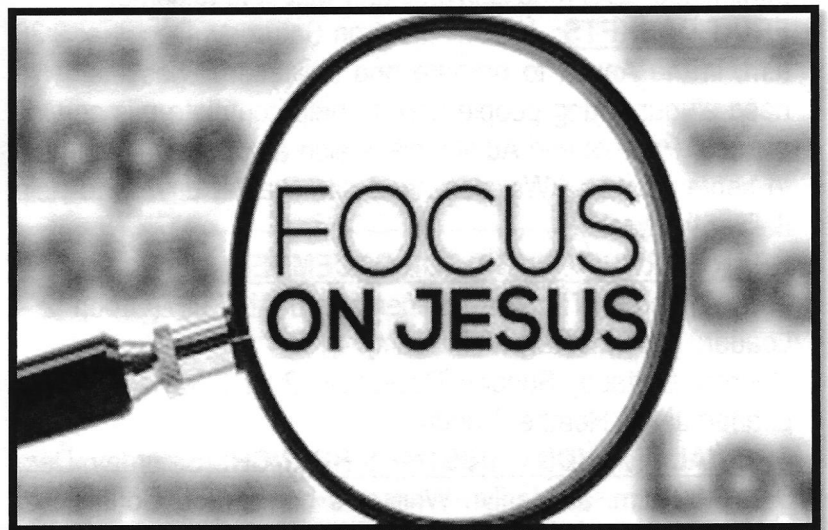

TEXT: Philippians 3:7-8

Losing focus on Christ is a common problem in the life of Christians.

Life's stormy seas can easily distract us and cause us to lose sight on what's important, living for God and uplifting the name of Jesus.

The apostle Paul faced similar situations in his life. How did he cope; how did he stay focused?

Let's study a little of Paul's life.
