

# PROJECT ON PROVERBS

*Covering Proverbs Chapters 10 -29*

**Assignment:** Write out a real-life situation or dilemma and then find the appropriate answer from proverbs (chapters 10-29) and explain how it answers the problem. The dilemma need not be a true story or situation but should be a situation or problem that could happen. You could also use a story from a newspaper or magazine and then find how proverbs tell us to act in that situation.
