

## 6 Finding Fellow Workers

**Read Mark 6.7; Luke 10.1; Acts 3-4; 1Pet 5.12-13; 2Peter 3.15-18**

1. Why were these disciples working in pairs? What are the advantages?
2. How were Paul and Peter's writings different? How does having the writings of both apostles help us?

**Read Acts 13.1-3; Colossians 4.7-17; Romans 16.1-16, 21-23**

3. List disciples that you know to have worked in some capacity in cooperation with Paul (including passages I have not listed, as you recall them).
4. Contemplate and note observations about as many named individuals in Colossians 4 as you can.
5. From Romans 16, how did various individuals cooperate with Paul?
6. How might these benefits of finding fellow workers apply to us?
