An open book is shown from a top-down perspective, lying flat. A bright, circular light source is positioned directly above the center of the book, casting a strong, radial glow that illuminates the pages and creates a lens flare effect. The light fades into a dark, almost black background. The text on the pages is visible but mostly obscured by the shadows and the intensity of the light.

A bright, circular light source is positioned directly above the center of the book, casting a strong, radial glow that illuminates the pages and creates a lens flare effect. The light fades into a dark, almost black background. The text on the pages is mostly illegible due to the lighting and blur, but some faint words and lines are visible. The word "Review" is overlaid in white, sans-serif font in the lower-middle part of the image.

Review
