We are working on a way to do that online (who would have ever thought), but in the mean- time, those who give by check could simply mail it to Kerry Lashlee 9748

In the beginning, this emergency

looked short term and we just thought that any and all could give it all after the emergency. Now that it looks much longer, it becomes important that we each continue to contribute weekly or monthly as we have, if we are able, because bills still have to be paid and evangelists need to continue to be supported. We will let you know when we have any better solution to the problem.

Is God's "All" Your "All" ?

Rarely would someone look up the definition of a word for which the definition is quite obvious, but consider for a moment the meaning of the English word "all." "All" is "used to refer to the whole quantity or extent of a particular group or thing." It emphasizes "every member or individual component of" a particular group. Thus, the word "all" is fully inclusive and does not exclude any person or thing under consideration.

The Scripture uses the word "all" (or its counterpart "every") in some very specific ways, to which the child of God should pay very close attention. If God says "all" and if God means "all," then His child ought to understand "all" and see "all" the way that God sees "all."

God made "every nation of men" from one man ([Acts 17:26](#)). Thus, "all" people have been made in the "image" and "likeness" of God ([Gen. 1:26](#)).

God says that "all" are lost in sin and are falling "short of the glory of God" ([Rom. 3:23](#)).

God, in His great love, "desires all men to be saved and to come to the knowledge of the truth" ([1 Tim. 2:4](#)).

God came to earth in the flesh and "died for all" on the cross ([2 Cor. 5:14](#)), tasting "death for everyone" ([Heb. 2:9](#)).

God says that "all" need and deserve to hear the saving power of "the gospel of Christ" ([Mark 16:15](#); [Rom. 1:16](#)).

God says that "all" people will die—"All go to one place: all are from the dust, and all return to dust" ([Ecc. 3:20](#)).

God says that "all" will "appear before the judgment seat of Christ" to be judged for how they lived ([2 Cor. 5:10](#)).

God says that "all" will be "gathered" before Christ and will be sentenced to their eternal destiny ([Matt. 25:31-46](#)).

God says that we have a responsibility to warn and teach "every man" ([Col. 1:28](#)).

Is your "all/every" the same as God's "all/every"? "All" includes all nationalities, all ethnicities, all classes, all economic levels, all education levels, all religious persuasions, both genders, all sexual orientations, all careers, all political persuasions, all ages, all personalities, all heights, all weights, all accents, all mask-wearers (and non-wearers), all social-media-users (and non-users), etc., etc. God's "all" includes every single person that we know and every single person we may ever meet! Patricia Lange update 8/01/2020 - Brothers and Sisters, my mom, Patricia Lange, had a consultation on Thursday, July 30th, with a (more) local cancer center. She will be receiving her chemo at that location beginning Monday, August 3rd. She is to have 6 rounds of chemo, each occurring once every 3 weeks. We would appreciate prayers that she might do well and be able to tolerate the chemo meds, and ultimately be completely healed. Sending love to you all! [Carrie Puckett]

Blake Porter update 7/31/2020 - Blake went home yesterday and is feeling much better. They got really good news....seems like the seizure caused the AFib and now it has resolved itself. He will be on a low dose of seizure medication just as a precaution. Thanks so much for all the prayers and thoughts!!

He is adjusting to the rehab schedule and making small baby steps in his progress. We have a care plan meeting tomorrow with all the doctors and therapists to discuss goals, prognosis etc.. Thank you for your continued care and attention for our family! We love you all!

Chuck Simpson 7/31/2020 - My oldest brother Chuck Simpson has been diagnosed with Hoshimotos encephalolothy. It is an autoimmune disease of the thyroid. It is treatable, and we are so grateful for that, but he is really struggling. It has made him unable to walk, or to talk without great difficulty. He also has very bad tremors. He has an appointment with a new neurologist in August, and we are hopeful he can start more treatments. Please keep him and mother in your prayers! She hasnt been able to see him as he is in Huntsville, and is staying in to keep herself safe, and she worries for him.Thank you all for your prayers! [Kay Painter Dubose]

Cooper Terry update 08/01 blood work results show white cell count is still high, but it could be from the shot he received after his 1st cycle of treatments. They checked his two tumor markers; results back from only one marker shows the results going down (good news). He begins his 2nd cycle of treatments on Tuesday (4th) and will be receiving these 5 treatments in the hospital. They had to take him to have his hair cut ... because of treatments. They've got him so hats. He has mentioned that he is very grateful for the cards, emails, prayers and support.

Andrew Dennis requests prayers for **Sue Higgins** 7/30/2020 - Andrew Dennis requests prayers for his grandmother, Sue Higgins, who will be going in for surgery Sat morning for kidney stones. She's had complications due to kidney stones for years and some previous operations have been rather nerve racking and have required her to remain hospitalized for some time. Sometimes she can get in and out in a day, other times though she's had to have very touch and go emergency surgery. With Andrew's grandfather passing away only 2 months ago, Andrew is asking prayers for no major complications.

Mark Raughton passed 7/29/2020 - I just received a text from Mark Raughton's daughter that he has passed away. I appreciate all the prayers I know that have been raised on his behalf. Please pray now for comfort and peace for his family. (Tiara Kent)

BURCH NOTE: Something for all to think about! Mark and his daughter had taken all of the precautions, yet one small relaxation and a five minute family visit spelled disaster for the father and a daughter with a terrible memory that will never go away. Please be careful.
