## The Role of Government and Our Role in it

Over the past few years more and more people have begun the process of obtaining a Concealed Carry Permit (License). Since this growth began, I have fielded countless questions from Christians concerning the Role that Government plays in our lives, and the Role we play in Government.

In the past two years, I have had numerous discussions with Brethren who want to know these answers. What about wars? What about joining the military or the police force? Can I “serve my country” and still SERVE my God?

Although the Bible is clear what the answer is, I am afraid that many of our Brethren do not consider how serious these questions are and how serious their commitment truly is. To serve in the military or on a police force is a very respectful thing. However, one day it may put you in a situation to take another person’s life. Can you? What does God say?

In the Old Testament God does instruct the Israelites to utterly destroy the inhabitants of Canaan. But where has God instructed us today to utterly destroy a nation? Instead of taking our cue from the conquest of Canaan, let us consider what we find in the New Testament. What Role can we play, if any, and what Role truly does our Government have in our lives?
