

## Evangelism Class #2 - Outline

### **John 1:29**

- How long until God revealed this?
- Why did He wait so long?

### **Galatians 3:24**

### **Galatians 4:4-5**

### **Luke 1:17**

**Principle:** Evangelism is not an event; it's a process leading up to an event.

- **Event** = sharing the gospel message.
- **Process** = preparing people's hearts to receive it.

**Question:** Was your own conversion the result of a one-time event or a process?

**Evangelism** = process of bringing people one step closer to obeying the gospel.

- The way God did it, Jesus did it, Paul did it.
- **Matthew 23:13-14** - Sometimes just moving someone one step away from their false foundation is successful evangelism!

**Relieves Pressure:**

- 1) **To force an unnatural opening to present the gospel message.**
- 2) **To be the only person on the planet responsible for this person's salvation.**

**Remember, humans have 4 parts:** physical, mental, emotional, and spiritual. Evangelism seeks to break through the physical, mental, and emotional barriers that open the spiritual part to receive the gospel.
