DECEMBER, 2015 REPORT

Dear brother John.

I am glad to greet you as well as to all my brethren in Steele. I hope all be alright with all of you. God has been so good with me because giving me a year to serve him in the work of preaching his gospel among non christian and christian people.

I continue preaching in a good way in the local church in Comayagua. Five new members have been added to the local membership. Brother Nelson Oviedo is a brother who had left the church but he has reconsidered his spiritual situation and finally he has returned to the church. Along with him his daughter Wendy, his granddaughter Paola have started to worship with us, too. There are two other persons who has decided to meet with us, Luz Diaz and her niece Karla. We are glad because these brethren will be serving the Lord as christians. I am teaching the Bible to a big family who are ready to receive at least once a week at home.

The work in Motatal and Siguatepeque continue. I have the blessing of helping these brethren regularly. In Siguatepeque I am imparting bible lessons to the christian men. The Lord's work is increasing day by day and it is necessary to have prepared workers to serve the Lord in different places. Brethren in Siguatepeque practically are doing the Lord's work alone. I am confident brother German is a doing well in preaching the word in this place. In Motatal brother Luis Granados is still being trained to serve as a preacher. As he was a liberal brother I spend a considerable time to help him in understanding the truth correctly. He is a good man and in the Lord's hands he can be useful working in the Gospel. I am starting to preach the gospel to a family here formally. They are very interested in knowing more about the truth. I have many plans to realize during this year if God will. In short I can say the work is good now. Brethren keep faithful and some other people will come to Lord Jesus as a result of the preaching of the Gospel.

Thanks for your prayers, love and fellowship. God bless you.
