Spring Has Sprung

This article has nothing to do with the sermon, but is something I've been thinking about this week. Many of us have commented about the lateness of spring this year. It seems like we are at least a couple weeks behind when the leaves usually start filling out the trees. If you were planning a trip or event outside during early spring, chances are good you were frustrated by less than pleasant weather. A late spring can be frustrating. We are ready for the break from winter, but that break seems elusive when constant temper fluctuations, late spring snows, and surprise frosts continually pop up. It can be tiresome for those who struggle through the dreary winter months, needing some color on the trees and warmer weather.

It's a little bit like life, isn't it? Things don't usually move at the pace we want them to. Answers to medical problems, healing from injuries, solutions to job or relationship problems often come at their own pace, if at all. Many times we are frustrated with the slowness with which life plods on toward some sort of resolution to an issue. Psalm 13 includes the repeated refrain, "How long...?" We too echo the question to God—how long? How long until _____?

I love the assurance to this question Peter gives in II Peter 3:9—"The Lord is not slow to fulfill his promise as some count slowness, but is patient toward you, not wishing that any should perish, but that all should reach repentance." God has not forgotten any of the promises He has made toward us—for our redemption, for His presence with us, for our His care over us. What sometimes seems like an eternity of our waiting, Peters says with God "one day is as a thousand years, and a thousand years as one day." (II Peter 3:8)

Don't languish in the waiting. Know that whether it happens in this life or the life to come, God has not forgotten and God keeps His promises. Spring will come.
